Cach of us inevitable Cack of us limitless Euch of us wich his or her right upon the earth Cack of us allow'd the eternal purports of the earth, Cack of us here as divinely as any is here. - w. Whitman -

Cadet Lieutenant Colonel Gil Machado, Jr. Legion of Valor Bronze Cross for Achievement

I found my corner of my area
I found my bench
I found my seventeen inches of the tench
I sat down
I found my leaflet
In my own leaflet holder.
They had printed it no im big letters this year
So that the old men could read it
Without whiching out their magnifying glasses
And hearing the children giggle at them.
I opened the leaflet and render.
With my regulation sized fingermail
Soratching my regulation sized ear lobsess
the big orinting asids

This year we have decided to sciebrate
Christmas on the sighteenth of October--Nine days later than lost year.
This year our tree will be
A beautiful bright yellow one
With a silver, regulation sized angel
At the top of the brown plastic senter sole.
Some of the other districts
Are using a silver star on their center sole
But after many long discussions on the subject
Tour Best Friend has ruled
In favor of an angelde says his angestors were Catholics.
This year you may all pather in the fig House,
In your places, to colabrate all together,
Turkey flavored food will be served
At promptly 7:25 p.m.
We're angesting to see you all hore.

Boussled with delight,

The unindams of my said I throw unde open to the

You give but little
when you give of your
possessions. It is
when you give of
yourself that you
truly give.

o live in hearts we eave behind is not to lie campbell

As an educator, Phil Bronspiegel was more concerned with he "why", the human element, rather than with just the "what" or "how". His philosophy concerning the new high school was to create a building that would correspond to he needs of the individual student, rather than having the students adapt to the demands of the structure. Phil set he tone for the new high school. His inspiration and enthusiasm will always motivate those associated with it. The new New Bedford High School will truly be a living nemorial to Philip Bronspiegel.

Paul Rodriques

Ar. Bronspiegel was an educator in the true sense of the word. He devoted his life to the educational improvement if his community.

Melver C. Felton

Mary Sullivan was a woman who always liked to laugh and whose laughter always made other people happy.

Beverly Bizzarro

Mary was a beautiful person whom everyone loved. Her dedication to teaching serves as an example to us all.

Ida F. Cohen

For the faculty at New Bedford High who knew Sully and her quiet manner, we mourn her death deeply. Mary was a dear friend, a devoted teacher and truly a nice person. Enough good could not be said of a woman who had only good to say of everyone.

THE EPITAPH

Here rests his head upon the lap of Earth
A Youth to Fortune and to Fame unknown.
Fair Science frown'd not on his humble birth,
And Melancholy mark'd him for her own.

Large was his bounty, and his soul sincere,
Heav'n did a recompense as largely send:
He gave to Mis'ry all he had, a tear,
He gain'd Heav'n ('twas all he wish'd) a friend.

No farther seek his merits to disclose,
Or draw his frailties from their dread abode.
(There they alike in trembling hope repose,)
The bosom of his Father and his God.
